Best of luck always
to you and may you
always be happy.

Mr. Howard Deppe

. . . because you took such an active and sincere interest in our efforts

. . . because you subtly steered us clear of the pitfalls of our enterprises

. . . because we feel honored in having had your guidance in our every endeavor

. . . because we owe whatever success we have attained to you, we gratefully dedicate this yearbook.

ALMA MATER

Southern Lehigh, reaching wide,

On a rolling hillside,

High in purpose, strong in will,

Truth in us instill,

Colors clear of blue and white,

Challenge us to stand aright.

Alma Mater, fair to see,

We will cherish thee.

FOREWORD

Bravely, with fierce determination the ancient Spartans met their opposition; never tiring, never admitting defeat. The Class of 1961, Spartans of a later era, as it were, entered the corridors of a new building. Contending with ensuing problems, encountering subsequent obstacles, we emerged triumphant in the acquisition of our ultimate goals.

Thus, being the first class to complete six years of secondary education in Southern Lehigh High School, we proudly relate to you the fulfillment of our endeavors. May our accomplishments serve as guideposts to our successors.

---Class of 1961

ADMINISTRATION

Thomas W. Watkins
Supervising Principal

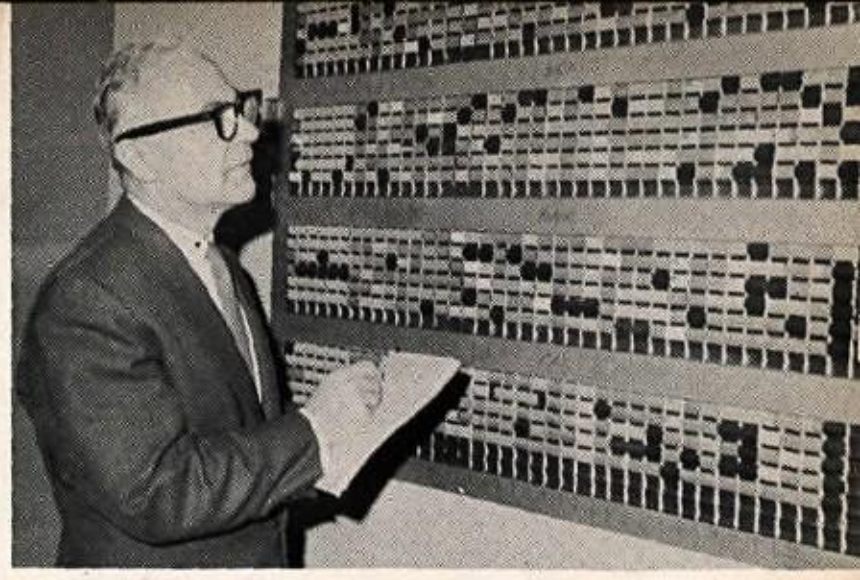
As supervising principal, Mr. Watkins has served this district for twenty-four years. It was largely through his efforts that the Southern Lehigh Junior-Senior High School building exists. His wisdom in school affairs has helped this district progress greatly in these six years.

Although he has many pressing duties, Mr. Watkins can always be counted upon to lend help where needed. His friendliness and good-natured manner is admired by young and old alike.

Lester W. Reiter
Principal

One of the most familiar faces around Solehi is that of our principal, Mr. Reiter. He has been head of both Southern Lehigh and Coopersburg High School for ten years. Holding a position of such responsibility, he must make many important decisions during the course of the day. Once made, however, one can be assured that the problem has been carefully thought over and approached from every angle.

We, the graduating class of 1961, wish to express our sincere appreciation for the help and guidance offered by Mr. Reiter throughout the past six years.



Checking the week's schedule.

A familiar voice over the P.A. system.

The men behind the scenes! The men who have the grave responsibility of giving the go-ahead signal for every project. The men to whom has been entrusted the duty of maintaining a high standard of education.
